# Poly Group Video system with remote control

Pick up the remote control from the table to wake the system from sleep mode

Room screen – default state.
The call is not in progress

1. **Join the meeting**
   - Navigate with the remote control and select the **Join** button in the calendar view to join the conference

2. **Mute the microphone when you are not talking**
   - The microphones are sensitive, this way you avoid disturbing sounds during the conference

3. **Disconnect when the meeting ends**
   - **Press the red button** to end the call

For support services, please contact to Lobby Services or your own organization's End user support.
